1.2 In vivo animal studies

- 3M. (2010). TSCA 8(e) Substantial Risk Notice: Sulfonate-based and Carboxylic-based Fluorochemicals, Docket 8EHQ-0598-373 - Results from a mechanistic investigation of the effect of PFBS, PFHS, and PFOS on lipid and lipoprotein metabolism in transgenic mice. Case Number: 8EHQ-10-00373DH [TSCA Submission]. (8EHQ-10-00373DH). Submitted to the U.S. Environmental Protection Agency under TSCA Section 8e.
